TO WHOM IT MAY CONCERN

We had the pleasure of working with Adrian and his team on our first interstate development project located in Forrestdale, Western Australia.

With no industry connections in WA, it was always going to be a difficult decision on who to entrust to complete the construction of the project, that we felt confident enough that they would deliver on what they promise and more importantly on our high expectations.

It is without saying that from the moment we engaged Pirone Builders, we were kept fully informed, and their team were very accommodated in all our requests, that it didn't take long before we knew that we had made the right choice of builder.

Adrian and his team should be congratulated on the outcome of the completed project, as the quality of the building, and the attention to detail had not only delivered on all our expectations it was a hassle free experience right up to and the handing over of the facility.

It is evident that Adrian takes a great deal of pride in his work that is very difficult to find, we would have no hesitate in recommending Adrian and all his team at Pirone Builders for any future construction projects.

Yours Faithfully
