ATT: PIRONE BUILDERS

Hello Adrian

It's been an absolute pleasure to deal with you and the team at Pirone builders.

From the initial brief to handover there was excellent communication, meticulous documentation, and NO unexpected add-ons.

From Joe Scutti in Design, Neil Butler in project management to Adrian Terrace ticking of all the little touch-ups, we felt like we were being looked after as if it was a private home. WELL DONE.

The Adage Team are very excited to have such a nice environment.

We are very much enjoying the new building and would strongly recommend Pirone to anyone considering a first-class Commercial build.

Thanks Again Adrian and all the very best.

Yours faithfully,
